Quut®

hi there!

*Ready to dive into some
Quut fun together?*

Quut (pronounced as "cute" in English) was born end of 2012, as part of PARS PRO TOTO, a well-regarded Belgian design agency with more than 25 years of experience in designing and engineering innovative products and attractive brands.

With over 20 kids amongst us, we have gone through our fair share of beach toys over the years. Tired of the many poor quality beach toys that were on the market, offering no emotional connection, we decided to make our own brand.

Our goal was to create toys that would last as long as our memories spent at the beach. Toys with a real, durable and clever design that would offer fun and beauty for kids and parents. This is how Quut was born.

Today Quut stands for a wide range of products. Whether to be used at the beach, in bath or at home, they all have a great design in common!

Quality Toys.
Quality time.

our play philosophy

Endless play

At Quut we want your kids playtime to be endless! We use top materials to allow our toys to be passed from one kid to another, and be cherished by multiple generations. Quut products are fun for all ages as they grow along with the developing stages of kids. Get ready for endless summers of fun!

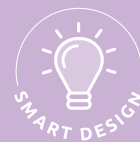

Togetherness

Quality toys for quality time. Enter your kids play zone and make some unforgettable memories together. Build sand castles with Alto, invent the craziest stories during bath time and curl up for a splashy ride on our inflatable Hippo together. Quut toys inspire and encourage to play together. Let's start coloring those childhood memories!

Play to learn

Playtime that is more than only fun and laughter? Yes please! Quut toys boost your kids' creative skills by adding storytelling and imaginative play to the game. Piecing together small constructions with our bath sets is not only fun and exciting, it also challenges important soft skills like problem solving, pattern recognition and color identification. Building on those strong fine motor skills during playtime, that's what we call 'toys with a difference'.

Smart design

We all need some classics in our lives. Quut reinvents them, not just by making yet another copy, but by giving classic toys a full upgrade. We add a design and clever twist, based on the needs of both parents and kids. Have you spotted our 3 smart design tricks yet?

Improving the ergonomics, so kids can keep on playing for hours on end. Check our Scoppi yourself to feel the difference!

Rethinking the use, because there is always room for improvement. Our Ballo by example, finally a bucket that really doesn't spill water!

Multidisciplinary for the win. Making products even more useful, by adding extra functions and play opportunities. A flying disk that is also a sand sifter? Twice as fun!

Conscious production

When designing a new Quut product, it's not just about the looks. We build our toys incredibly strong, using high-quality monomaterials that are 100% recyclable. We avoid single-use wherever possible and design both products and packaging to stack, ship and store efficiently. Durability is top of mind throughout the entire lifecycle: from design and production to transport, use and afterlife. That's how we strive to move towards a more circular economy.
